Streamline and Optimise Workload Migration to the Cloud

Dear Sir/Madam,

Tech Equity is Google Cloud partner and reseller. We train Google employees, clients and partners around the world, and develop solutions that enable organisations both large and small to cost effectively migrate their applications to the cloud.

Our engineers have facilitated over 30 migration workshops for Google, and developed a streamlined process for prioritising workloads and selecting the most appropriate migration strategies, automating the migration process and optimising the application post-migration to maximise the value.

We are able to facilitate the migrate the following types of applications:

- Web, Application Servers, Business logic multi-VM, multi-tier stacks
- Low duty-cycle and bursty workloads
- Virtual Machines, Tomcat, Websphere
